

Organizations Currently Using CompAero And TurbAero

The organizations below have access to the use of the *CompAero* or *TurbAero* aerodynamic design and analysis software systems through one or more software licenses, including individual, company-site and academic-site (non-commercial) licenses. The letter codes added to qualify the specific license types involved are:

C = *CompAero* License T = *TurbAero* License S = Company-Site License A = Academic-Site License

Absence of the qualifiers S or A indicates single licenses.

Accessible Technologies Inc., USA (C)
Air Products and Chemicals Inc., USA (C, 2)
Brayton Energy LLC, USA (C, T)
Belcan Engineering, USA (C)
CFDnetwork Engineering, Germany (C, T)
Create Inc., USA (C, T)
Danfoss Turbocor Compressors, USA (C, 2)
Denso Corporation, Japan, (C, T)
D&E Propulsion & Power Systems, USA (C, T)
Ecopump Oy, Finland (C)
Elliott Turbomachinery Company, USA (C, T, S)
Fachhochschule Bochum, Germany (C, T, A)
Flexware Inc., USA (C, S)
FloDesign Wind Turbine, USA (T)
FS-Elliott Company, USA (C, 2)
GE Oil & Gas North America, USA (C, S)
GE Nuovo Pignone, Italy (T, S)
Globe Turbocharger Specialties Inc., USA (C, T)

Houston Service Industries, USA (C)
Hibon Inc. (Ingersoll Rand), Canada (C)
Kansas State University, USA (C, A)
Industrial Technology Research, Taiwan (C, T)
Korea Institute of Machinery and
Materials, S. Korea (C, T)
Lund University, Sweden (C, T, A)
Mechanical Solutions Inc., USA (C, T)
Michigan State University, USA (C, T, A)
Mohawk Innovative Technology Inc., USA (C, T)
Oceanlinx Limited, Australia, (T)
PerAero Turbine Designs LLC, USA (T)
Spencer Turbine Company, USA (C)
Sundyne Corporation, USA (C)
Turbocam International, USA (C, T)
Turbo Solutions Engineering LLC, USA (C, T, S)
University of Sydney, Australia (C, T, A)
Volkswind F&E GmbH, Germany (C, T)
